

Fluoridation Policy

Purpose

To ensure compliance with NSW Health's legislation regarding the fluoridating of existing water supply systems outlined below.

To ensure the safe and effective management and operation of Riverina Water's fluoridation processes.

Policy Statement

Supported by NSW Health and endorsed by Council Resolution #69/316 (25th June 1969), Riverina Water is committed to continuing its fluoridation programme noting that such programme is limited to the following drinking water supply systems:

- Wagga Wagga including Ladysmith system
- North Wagga and associated rural systems
- Southern Trunk Main and associated rural systems
- Western Trunk Main and associated rural systems

Specific water treatment plants approved and regulated by NSW Health to add fluoride to the above-mentioned drinking water supply systems are:

- Wagga Filtration (River) Water Treatment Plant
- East Wagga Aeration (Bore) Water Treatment Plant
- West Wagga Aeration (Bore) Water Treatment Plant
- North Wagga Aeration (Bore) Water Treatment Plant
- Bulgary Aeration (Bore) Water Treatment Plant
- Urana Filtration (River) Water Treatment Plant
- Gardiners Crossing/Walla Walla (Bore) Water Treatment Plant

Scope

Riverina Water County Council (Riverina Water) is committed to continue its current fluoridation obligations and requirements under the Fluoridation of Public Water Supplies Act 1957, the NSW Code of Practice for Fluoridation of Public Water Supplies, and as directed by NSW Health.

Definitions

DWMS - Drinking Water Management System

Principles

To achieve this commitment, and in partnership with NSW Health and other relevant agencies, Riverina Water will:

- Retain regular monitoring of the quality of drinking water and effective reporting mechanisms to provide relevant and timely information and promote confidence in the water supply and its management to consumers, public and to NSW Health.
- Adhere to the NSW Code of Practice for Fluoridation of Public Water Supplies
- Ensure the safety of the public and employees with respect to the management, operation and maintenance of fluoridation processes and equipment
- Maintain an appropriate contingency planning and incident response capability
- Ensure that employees and contractors involved in the fluoridation of drinking water are appropriately trained and understand their responsibility for ensuring safety to the public, customers and the workplace.

Policy Implementation

Consistent with Riverina Water's Drinking Water Management System (DWMS), Riverina Water will implement this Policy by:

- Maintaining Council's Drinking Water Quality Management System (DWMS).
- Implementing appropriate operations and management procedures for water supply.
- Reporting on the supply of fluoridated drinking water to NSW Health and NSW Department of Planning Industry and Environment
- Actively engaging with key stakeholders (customers and regulators) and with industry peak organisations (e.g. NSW Water Directorate)
- Ensuring relevancy and currency of appropriate fluoridation training to employees
- Promoting awareness of employee's responsibilities and accountabilities with regards to water quality
- Actively seeking capital costs from NSW Health for replacements and upgrading existing fluoridation facilities

Non Compliance

Non-compliance with Acts, Regulations and Standards, Guidelines and Procedures associated with Riverina Water's fluoridation programme may lead to:

- 1) NSW Health's direct intervention into Riverina Water's management and water supply operations
- 2) Compromising safety to Riverina Water's customers and its employees
- 3) May be considered a breach under the Code of Conduct and as such, any suspected or known non-compliance will be reported to the General Manager.
